

REALLY, OUR
SUCCESS WAS
PURE LUCK.

BUT YOU MUST
DO THE WORK TO
TAKE ADVANTAGE
WHEN OPPORTUNITY
CALLS.

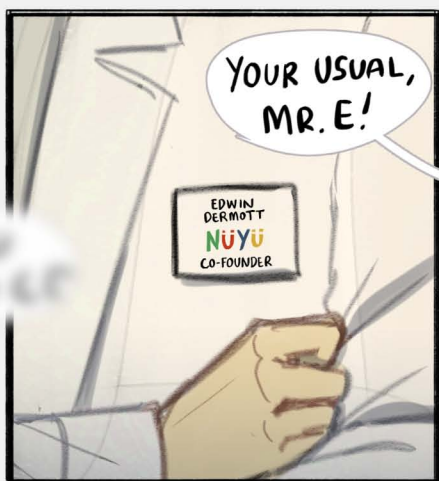

OUR PROSTHETICS
UTILIZE PROPRIETARY
TECHNOLOGY INVENTED
BY OUR SENIOR
BIOMEDICAL ENGINEER,
EDWIN.

THEY NEVER
DEGRADE AND
ADAPT - IN REAL TIME -
TO INTENSIFYING
PHYSICAL DEMANDS.

HE AND HIS TEAM
WORK AROUND THE CLOCK
MELDING THE BOUNDARY
BETWEEN MAN
AND MACHINE.

ASPIRING TO PUSH
PAST THE PHYSICAL
LIMITS OF THE
HUMAN BODY.

AFTER ALL,
WHY SHOULD SUPERS
HAVE ALL THE FUN?

EVERY
INTERACTION
I HAVE TO
PRETEND
TO BE MORE
THAN I
AM.

SOMEONE
I'M
NOT.

I HAVE TO
ACT TO FIT IN.
